## TURKEYS HELP KEEP DOWN GRASSHOPPERS ON FARM

Turkeys range far afield and prey upon insect forms that escape hens. From the time the young are old enough to begin foraging for themselves, perhaps early in June, until near frost, turkeys take the bulk of their food from field insects, devouring millions of grasshoppers and other injurious forms in meadow and pasture, says the United States Department of Agriculture.

In regions where wooded areas are still fairly extensive, mast is an important item in the diet of the turkey. When the insect stores begin to fail, the mast larders are beginning to be filled. Feeding on acorns, chestnuts, beechnuts, and the like, turkeys will go a long way toward fattening themselves for the Thanksgiving or Christmas market and will not require much feeding of corn or other grain to finish them. Generally speaking, turkeys will require a larger feeding of grain than chickens to fit them for the market, but, as they utilize forms of waste that hens and their broods would not reach, the keeping of a fair number of turkeys is good economy.

## CORBIN AS THIRD CLASS CITY

### Has Its Own Circuit Court

By an act of the 1920 Legislature Corbin became a third class city and as such, is entitled to a Circuit Court of its own. Judge R. S. Rose has set May 27 as the first day of Circuit Court.

We congratulate Corbin on its growth and hustle. It is going ahead rapidly, due partly to circumstances but also to the fact that its citizens are awake and are assisting circumstances.

## BASE BALL

Old Hickory defeated Edgewood in a good game Saturday by a score of 19 to 10. The pitchers were Becker and Overley.

Old Hickory and the Magnet Coal Co. boys of Pineville put up a rattling good game last Sunday with King and Tye as pitchers. The score was 8 to 4 in favor of the Magnets.

Farlan will meet Old Hickory at the F. R. Grounds Sunday. Both have fast teams and the game should be a good one.

Union College met Wesleyan, of Winchester, Ky., on the 13th and one of the best games of the season was pulled off. Union won the bunching hits, while Wesleyan scattered theirs. The former got 8 hits and the latter 10. Pitchers Tye and Barker.

## Berea College

All former students of Berea who desire to hear President Frost give his farewell address and see him for the last time as President of Berea College, should plan to come back at Commencement, June 9th, 1920. Also, the new president will be inducted into the duties of his office at that date. We will try to furnish accommodations for all who come, providing we have notice in time from those desiring to be present.

M. E. VAUGHN, Secretary.

## BOY SCOUT WEEK

As a part of the Tenth Birthday program of the Boy Scouts of America, the week commencing Memorial Day, May 30th, and ending Sunday, June 6th, will be observed nationally as Boy Scout Week. In 17,000 communities where Scout troops are established, a program of outdoor activities will be carried out.

The remarkable growth of the Boy Scouts of America has given a great stimulus to the outdoor activities of American boys. It is probable that throughout the past year more boys have spent days and nights in the open under leadership than ever before in the history of the United States since Pioneer days. And because Boy Scouts have taken the message of the outdoors into their homes, have conducted open window campaigns and fresh air crusades, it is likely that more grown-ups have breathed pure air during the past year than has been the case since the time of our great-grandfathers.

Boys as Scouts have been taught to care for forests and to fight forest fires. They have gathered information for various departments of forestry, sometimes collecting data on the trees of an entire state. They have engaged in fights against insect pests and have made notes on different varieties of birds.

The great success of the Boy Scout Movement has naturally created the demand for a much wider and more rapid extension of the benefits of the movement to the boys not already reached and the objective of Boy Scout Week will be to stimulate this interest.

## GARDEN OF ALLAH IN RED CROSS FILMS

BISKRA, Algerian Sahara.—Robert Hiehens, author of "The Garden of Allah," now busy on another novel of desert life, will appear soon in an American Red Cross film, "The Children of the Sahara." The picture will be produced in America. Several of the scenes in which Hiehens appears, were taken in the colorful so-called Garden of Allah.

## ALUMNI UNION COLLEGE

Don't forget that Monday, May 24th is Alumni Day. Make your plans to fit the College program: Annual business meeting at 3.30 in the College Library. Class Reunion at 11.30 on the Campus if the weather permits, otherwise in the various rooms of the Administration Building. At six o'clock the first Academy Banquet will be served in the dining room, price \$1 a plate. At eight o'clock the first address before the association will be delivered by the Rev. W. F. Gregory of Wesley M. E. Church, Louisville, Ky. Come out and hear one of Barbourville's many sons who have made good. At the close of the address the college orchestra will render a program that you don't want to miss. The public is cordially invited to the evening program.

A most satisfying number of the Alumni from out of town are writing that they will be here for the day.

## STATE ROAD ENGINEER OPENS OFFICE

J. T. Madison, with the State Road Engineering Department, has opened an office in the Snyder building. He is now making a survey of the road leading from the city limits of Middlesboro to the State line at or near Manring, Tenn. Mr. Madison says he is of opinion that it will be about two months before work is started on this road, but that it will be done by the State and Federal Government and when it is completed it will be a model road. —Three States, Middlesboro.

## LACK OF SUGAR NO EXCUSE FOR FAILURE TO CAN EARLY

Fruits can be successfully canned without sugar, and vegetables require none. So, the wise housekeeper is planning to can as much or more than usual this year. Plenty of canned vegetables reduce the grocery and doctor's bills and add pleasing variety to the diet for the winter. Fruit canned without sweetening can be sweetened as it is used. Fruit juices, too, can be canned without sugar. Indeed many people prefer to can them unsweetened, maintaining that the individual flavors are thereby best preserved. Part of the canned juices can be made into jelly next winter. Making jelly when the weather is cool rather than when the mercury lingers in the 90's appeals to many housewives as a sane and sensible procedure.

## ERNST ENDORSED BY GOV. MORROW

Governor Edwin P. Morrow in a ringing letter at Frankfort, Ky., endorses the candidacy of Richard P. Ernst, of Covington, for the Republican nomination for United States Senator. Declaring that the Northern Kentucky aspirant "will and should be nominated," the Governor pays tribute to the Covington candidate as a citizen, lawyer and loyal member of the Republican party. Particular reference to his fitness for the office to which Mr. Ernst aspires is made by Governor Morrow, who says:

"I am very glad to see the announcement of Hon. Richard P. Ernst as a candidate for the Republican nomination for United States Senator. I believe that he will and should be nominated. Mr. Ernst is in every way fitted for the great position to which he aspires. He is a trained and capable lawyer; a man of broad vision familiar with the great questions of the day, and is industrious, energetic and possesses splendid powers of head and heart. He has been a faithful and efficient member of the Republican party and always devoted to its interest. He has participated in its councils, fought its battles, sustained it in its hours of need and contributed to its victories. I believe he can secure more votes in November than any other Republican in Kentucky. In other words, I believe he can 'bring home the bacon'."

"I also feel that a very great majority of the Republican workers and leaders throughout the State are enthusiastically for him. I think his nomination and election are both assured."

## RED CROSS WORK BEGINS TO SHOW ABROAD

RIGA, Estonia.—Deaths from typhus are decreasing in Estonia, according to the report of Lieut. Col. Edward W. Ryan, head of the American Red Cross Commission to West Russia. From eight per cent to one half of one per cent is the record drop in number of deaths in five days in some of the hospitals. Cleaning up hospitals in Reval has been completed and the commission has begun work in Narva.

Rev. W. F. Gregory, pastor of the Wesley M. E. Church, Louisville, Ky. will be here Monday evening and will deliver an address before the Alumni of Union College, his subject being "A Man's Chance."

It is no longer Capt. John Lawson but Noble Lawson, since he took the Shriner degree at Corbin.

Judge E. N. Ingram, of Pineville was here Tuesday on business.

Jim Bain took his family over to Corbin in his new Vellie Saturday.

Bill Hughes has traded his motor boat for a saxon automobile and is now hitting the breeze.

## B. B. I. NOTES

Commencement exercises of B. B. I. closed the 13th. of May. Mr. Madley from Georgetown gave the address for the Graduating class. Subject The Investment of Life.

Mr. and Mrs. Ogle left for Sevierville Tenn. Saturday May 15th. He says he will not teach any more but will go into the chicken business.

Miss Edna Jones left Saturday for Williamsburg.

The B. B. I. boys won the last game of ball played with the High School 11--2. With Town team the score 7 and 7.

Beatrice Hughes won a gold medal in the music class. She has a record never missed a lesson for nine months and practiced 288 hours.

Mrs. Hughes takes charge of the buildings of B. B. I. for the summer. The examination was held in the normal room Friday and Saturday by Miss Nettie Hammons and James Blair the examiners for this year. Nine made diplomas two failed.

They will hold examinations for the certificates Friday and Saturday May 21st. and 22nd.

Several B. B. I. students staid over this week and kept their rooms in the Brown Hall until the examination.

## ASSOCIATED PRODUCERS SHOOT WELL

The Associated Producers well on Stinking Creek was shot Sunday night at 9 o'clock. A quantity of oil was bailed out when the bailer was let down and the shot brought quite a lot of oil with it, but the operation was not a success as the casing was shot 170 feet into the air and two of the legs were shot from under the derrick. Until the casing and the dirt are replaced it will be impossible to tell what the well will amount to.

## FLAT LICK NEWS

Sunday morning at 3 o'clock, May 2nd, 1920 Uncle Woodson Jordan, minister of the Baptist Church passed away. He went to bed in good health and spirits. He leaves several children and a host of friends to mourn his going.

Mrs. Catherine Moore has been appointed Notary Public.

## HIGH SCHOOL SENIORS ARE ENTERTAINED

Mrs. W. B. Minton was hostess to the graduating classes of the High School, B. B. I. and Union College Academy, all of whom have just completed their High School course.

Mrs. Minton has been Faculty Advisor for the Union College class for two years and they acted as her assistants in receiving and serving. The young people gathered at five thirty and after getting acquainted posed for kodak pictures. The U. C. '20's then presented the following program:—Song, Xenia Gilbert; Clarinet Solo, Allan Tuggle; song, Jettie Stratton, Sallie Bain accompanied. Raymond Overley gave a humorous sketch.

A buffet supper was served after partners had been found by matching quotations. The young people were then divided according to birth months and each side was to do stunts. A very entertaining mock wedding ceremony was staged with Raymond Overley as the inexperienced groom, Drucilla Tye as the blushing bride and George Messer the skillful parson, who almost followed the wedding ceremony but not exactly. As the time for the program which all wished to attend at Union came—all too soon—the young people left amid laughter and jokes finishing off with a tiger for the Seniors and a special one for Mrs. Minton.

## HANG OUT YOUR ICE CARDS

If customers of the Ice Company want ice, please be sure to hang out the ice card. If the customer has no ice card phone the plant or ask the driver for a card.

Only fifty-two miles in two days by motor truck!

Alaska? No—Wyoming.

The reason? Snow and temperature of 12 degrees below zero.

This sample of an old-fashioned western blizzard was experienced by a Service truck on a recent trip from Laramie to Casper. Overtaken by the blinding storm, the big vehicle labored through the immense drifts under the worst travelling conditions known for years in this country.

By means of strenuous shoveling by the drivers and the traction given by Goodyear treads, the truck made the 600 miles in six days and won the distinction of being the first motor vehicle to make the trip.

## COLLEGE NOTES

This is the time of year when picnics are very prominent. The classes that have not had this spring picnic are planning to get it in this week. The Freshmen Academy class and the Sub Academic class went on their picnic last Monday. If action means anything they must have had a very enjoyable trip, for their return was a happy one. They filled the atmosphere round about with laughter and yells.

When you meet any one on the campus these last days of school he either says something about examinations or commencement. We are now in the midst of these two activities. The commencement programs have gone off nicely so far, and the best is yet to come. Be sure to help by attending each program.

Another victory for Union. Last Thursday the Kentucky Wesleyan College base ball team played the Union boys on the college diamond. This game was the best game ever played on this diamond. The game started with plenty of pep and ended with much more. Both teams were at their best, and played a very hard game. The score was 4 to 1 in the 9th, ending Union holding the lead. The Wesleyan team were at the bat for the last time, and trying hard to even up the score. They succeeded in getting three men on base with two outs. Tye, the Union pitcher began to pitch real base ball then. On the last strike of the 3rd, out, the batter knocked a liner down first base which was fielded, thus winning the game 4 to 3, for Wesleyan had run up their score to 3. Hurrah for our boys.

Union's next and last game will be next Monday and Tuesday. The games are with E. K. S. N. S. Richmond, K. Come out and root for your home team.

## AT CHRISTIAN CHURCH

Sunday, May 23rd.

Bible School at 9:45 a. m. Every member of the School is urged to be present on this day. Every member of the congregation is kindly asked to attend the Bible School hour. Please make some sacrifice to come. There will be no preaching service as the congregation, no doubt, will desire to attend the Baccalaureate services at Union College at the eleven o'clock hour.

At the evening hour, eight o'clock, the choir under the direction of Mrs. McDermott will give the "Carpenter of Nazareth", a Sacred Cantata. This will be of much interest and appeal and the public is cordially invited to attend. Remember the hour, eight o'clock.

THOS. J. BELCHER, Minister

## FOR THE SENIORS

Dr. and Mrs. Franklin were hosts on Wednesday evening to the senior classes both collegiate and academic and the faculty. Games and contests enlivened the evening. Choice music was furnished by Misses Ross, Stratton and Carter. Ice cream and cake were the delicious refreshments and after a song or two, the company broke up pronouncing our president's wife a charming hostess.

## The Success This Bank Has Attained

Was made possible because of these things:  
The Resources at the Bank's Command.  
The Courtesy of the Bank's Officials.  
The Confidence of the Public.  
The Fair Methods that have ever prevailed.  
The year 1920 will witness a strengthening of these, if it be at all possible.  
To the man who has no banking connection, we now issue this invitation to connect himself with this bank. As a depositor his money is absolutely safe and as a borrower he will be accorded as liberal terms as is consistent with safe banking.

## OUR FACILITIES ARE AT YOUR DISPOSAL

Come in and talk it over with any official of the bank. We will give you the advantage of our experience and expert knowledge if you want it.

## WOMAN'S STUDY CLUB

The Woman's Study Club held  
the last meeting of the club year at  
the home of Mrs. Joseph Mitchell, on  
May 13th.

Twelve members were present.  
Miss Ruby Putman was a guest of  
the club.

In the absence of the president,  
Mrs. Marcum, Mrs. Heidrick, presi-  
dent elect for the ensuing year very  
ably presided.

Mrs. Maud T. Marcum, president  
of the club for the past three years,  
sent in her resignation as an active  
member because of having accepted  
a position as Assistant State Librarian  
at Frankfort, Kentucky. Her  
resignation was accepted and in ap-  
preciation of her splendid service  
rendered the club, she was unani-  
mously elected an Honorary President  
of the club.

A letter was read from the Feder-  
ation headquarters concerning the  
State Convention of the Federated  
Women's Clubs to be held at Mad-  
isonville, Ky., from May 23 to 28.  
Mrs. Heidrick was elected a delegate  
from the Women's Study Club to  
this convention and Miss Pelly was  
elected as an alternate.

A letter also was read from Mrs.  
Lafon Riker, President of the State  
Federation asking that the club lend  
its support to the present Salvation  
Army Drive.

The Club voted to have the cor-  
responding secretary write a letter to  
our Senators and Representatives  
asking them to vote in favor of the  
Illiteracy Bill.

Programs for next year were dis-  
cussed and on account of the high  
cost of living, the club voted to have  
home made programs asking the ar-  
tist members to originate uniform  
designs for the covers.

Following the business part of the  
meeting Mrs. Condon gave a splen-  
did talk on "Intimate Glimpses in-  
to the lives of Great Opera Singers"  
After adjournment the hostess  
served delightful refreshments.

## SOME SHIPPING FIGURES

In 1810, about 90 per cent of the  
foreign commerce of the United  
States was carried on in American  
ships. In 1910 less than 9 per cent  
of our commerce was carried in  
ships bearing the stars and stripes.  
Because of the destruction of British  
ships and the capture of German  
ships, together with emergency con-  
struction of merchant ships in the  
United States, nearly 28 per cent of  
our trade was transported in Amer-  
ican bottoms in 1919. What the sta-  
tistics shall show in 1929 will depend  
largely upon the enterprise of Amer-  
ican investors under the encourage-  
ment of the government. A co-oper-  
ative spirit is necessary to success.

## H. S. FACULTY ENTERTAIN SENIORS

The High School Faculty, Prof.  
Belcher, Mrs. Lulu B. Smith, Miss  
King and Miss Mayhew, entertained  
the graduating class with Mrs. Bel-  
cher to dinner at the Jones Hotel on  
Tuesday evening. Pink roses were  
used as favors and for decoration.  
After the dinner Mrs. S. T. David-  
son entertained both Faculty and  
Class at the Star Theatre.

## SALVATION ARMY DOING GREAT WORK

The Salvation Army is reaching  
down into the depths, lifting up fal-  
len men and women and putting them  
once more on their feet. Human  
salvage, which often means soul sal-  
vage, is their job and they are do-  
ing it. Not content with lip ser-  
vice, they call all men brethren and  
go about doing good.

The Salvation Army is making an  
appeal for money to carry on its  
great work. You and you and you  
may have the privilege of contribut-  
ing to the salvage of the bodies and  
souls of your brethren. "Inasmuch  
as ye have done it unto the least of  
these my brethren, ye have done it  
unto Me."

# "IT WAS A FRIEND IN NEED" HE SAYS

Railroad Man Was So Run Down He  
Could Hardly Stay on Job—Feels  
Like New Made Man Now

"Tanlac certainly proved to be a  
friend in need to me, for when I  
started taking it I was in a badly  
run-down condition, but I am now  
enjoying the best of health," said  
Fred Walther, 1816 Pool street,  
Toledo, Ohio, an employe at the  
Pennsylvania Railroad shops.

"For quite a while I had been suf-  
fering from stomach trouble," added  
Mr. Walther. "My appetite was so  
poor I had to force down every  
mouthful I ate and especially in the  
mornings when I seldom ate any  
any breakfast at all, usually drink-  
ing only a small cup of coffee. The  
little I did manage to eat soured  
almost at once and gas pressed  
my heart so at times it was difficult  
for me to breathe. I also suffered  
with severe headaches nearly all the  
time and at times would have dizzy  
spells when it was just about all I  
could do to keep from falling. I  
was unable to get but little sleep  
and always got up in the mornings  
feeling tired and worn out. Not  
being able to eat scarcely anything  
and loss of sleep with my other  
troubles was telling on me and I  
began to lose strength very fast, and  
finally it was just about all I could  
do to do my work at the railroad  
shops.

"I had tried several different med-  
icines without receiving any bene-  
fit from them, when one of the boys  
at the shop who had been greatly  
benefited by Tanlac advised me to  
give it a trial, and as he was so  
loud in his praise about it I decided  
to take his advice. Well, sir, to  
make a long story short, it proved  
to be the very thing I needed, and it  
was only a short while before I had  
a splendid appetite and now I can  
eat just anything I want without its  
hurting me a particle. I always get  
a good night's sleep and get up in  
the morning feeling fine and ready  
for a good day's work, which I can  
now do with ease.

Tanlac has made life worth living  
to me, and I will only be too glad  
to recommend it whenever I have an  
opportunity."

Tanlac is sold in Barbourville at  
the Cut Rate Drug store. Adv.

## HANDING G. O. P. HARD JOB

The way the democratic adminis-  
tration has built up an expensive  
governmental organization and in-  
curred a huge debt, all of which it  
will turn over to a Republican ad-  
ministration next March, reminds us  
of the boy who put 27 eggs in a set-  
ting hen's nest. "Why, the hen can't  
cover all those eggs," exclaimed his  
mother. "I know she can't," replied  
the boy, "but I like to see her spread  
herself." The Republican party will  
have some job when it takes over  
the bunch of troubles accumulated  
by the Democrats.

## SINGING BAND

### AT CHAUTAUQUA

The Red Grenadiers Band and  
Male Chorus, four splendid musical  
companies, great lectures on timely  
topics—these are notable attractions  
which will appear here on the 1920  
Redpath Chautauqua. The entire  
program is replete with features of  
compelling interest and timeliness.

The Premier Singers and Players  
Company will be the attraction on  
the first afternoon. Four talented,  
vivacious artists compose this com-  
pany. They render programs of  
great variety, combining orchestral,  
vocal and special novelty features.  
Every number is given with a bright  
ness and sparkle which will make  
this company long remembered in  
the community. A striking feature  
of the programs will be the rendition  
of selections from the standard  
operas. This is a feature which  
never fails to please Chautauqua au-  
diences.

"The Man of the New Age" is the  
lecture theme of Dr. Geo. L. Parker  
who will speak here on the opening  
night of the Chautauqua. Dr. Parker  
is a widely known inspirational  
lecturer who always gives to his  
hearers a message distinctly worth  
while. He is a virile, magnetic speak-  
er and one who holds his audiences  
both by the force of his ideas and  
the magnetic quality of his oratory.  
Earl H. Hipple, "Wizard of the  
Xylophone," is manager of the Hip-  
ple Concert Company, which will ap-  
pear here in a prelude on the second  
afternoon and a grand concert at  
night. The company's program is  
both classical and popular in charac-  
ter and is so universal in scope that  
it pleases the entire audience. Four  
artists of attainment compose this ex-  
cellent concert company.

Judge Manford Schoonover, on  
the second afternoon, will give his  
great lecture "Unseen Forces." He  
is a man's man, one who talks  
"straight from the shoulder." He  
has fought his way up from obscur-  
ity to a place of trust in the coun-  
cils of his state. He is "home folks"  
the kind of man you will enjoy  
meeting at the close of the address.  
In his inspiring lecture he portrays  
the great lesson of self respect, the  
call of the still small voice of one's  
better self.

The American Girls who will ap-  
pear on the third day, are entertain-  
ers extraordinary. They possess a  
never failing pleasing and refresh-  
ing manner which always insures  
them the heartiest welcome. Theirs  
is a distinctly entertainment attrac-  
tion. They render their selections  
in a thoroughly artistic manner and do  
not attempt to give the so-called  
"classical" selections, seeking rather  
to feature the popular and laugh-  
producing songs and instrumental  
numbers.

Thomas Brooks Fletcher, one of  
America's greatest dramatic orators,  
on the third night will give one of  
his master lectures. Thomas Brooks  
Fletcher is one of the most power-  
ful orators of our time. He enter-  
tains but he also has a powerful  
message and knows how to tell it.  
People want to hear about the things  
that are being done in this country  
and that is what Fletcher is telling  
them in a way that commands at-  
tention and that stimulates men to  
action. He leaves the impress of  
his lecture on every community.

Wallace Bruce Amsbary is "the  
bearer of a story." His "Jean Bap-  
tist and His Brethren" will introduce  
the character of the French Cana-  
dian, that delightful type which adds  
so much color and charm to the  
poems, novels and stories of Sir Gil-  
bert Parker, Mary Hartwell Cather-  
wood, Dr. Henry van Dyke and Dr.  
Wm. Henry Drummond. Wallace  
Bruce Amsbary will be heard on the

fourth afternoon.

The Red Grenadiers Band and  
Male Chorus, which will appear in  
a prelude concert on the fourth af-  
ternoon and a grand concert at night  
will be one of the greatest features  
of the entire Chautauqua week.  
In fact, it has been long, indeed,  
since Redpath presented on this big  
circuit a better or bigger attraction  
than this great singing band. Their  
concerts will be hailed with enthu-  
siasm everywhere. William Maupin  
director of the Red Grenadiers, is  
one of the well-known band men of  
the United States. A singing band  
has always been a wonderfully suc-  
cessful entertainment attraction.  
Combining as it does, instrumental  
and vocal features, a singing band  
makes an appeal to the entire audi-  
ence.

The Children's pageant, "The  
Good Fairy Thrift," and a grand  
concert by the Rich-Werno Entertain-  
ers will be the features of the  
last afternoon. This company is com-  
posed of Rita Rich and Laura Werno  
who achieved success as members of  
The Killarney Girls company and  
have been acquiring additional laurels  
in other organizations. They  
feature impersonations of children  
and grown-ups, songs, readings and  
piano logs.

On the last night Noah Beilharg  
(pronounced Bileharts) will appear  
in a big joy night program. Beil-  
harg makes up in full view of the au-  
dience using wigs and bits of cos-  
tuming. Character after character  
all different, appear in such rapid  
succession that it is hard to believe  
that there is only one man on the  
stage. For nineteen years Beilharg  
has entertained audiences in every  
state in the United States and Cana-  
da, until almost everywhere he has  
become known as one of America's  
greatest Chautauqua artists. Joy  
night is a fitting finale to a great  
Chautauqua.

# DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

**DOUGHNUTS** made  
the doughboy happy  
during the war and no won-  
der. There is nothing more  
wholesome and delightful  
than doughnuts or crullers  
rightly made. Their rich,  
golden color and appetizing  
aroma will create an appe-  
tite quicker than anything  
else in the world.

Here are the famous dough-  
nut and cruller recipes  
from the New Royal Cook  
Book.

### Doughnuts

3 tablespoons shortening  
1 cup sugar  
1 egg  
1/2 cup milk  
1 teaspoon nutmeg  
1 teaspoon salt  
3 cups flour  
4 teaspoons Royal Baking  
Powder

Cream shortening; add sugar  
and well-beaten egg; stir in  
milk; add nutmeg, salt, flour and  
baking powder which have been  
sifted together and enough ad-  
ditional flour to make dough stiff  
enough to roll. Roll out on  
floured board to about 1/4 inch  
thick; cut out. Fry in deep fat  
hot enough to brown a piece of  
bread in 40 seconds. Drain on  
unglazed paper and sprinkle  
with powdered sugar.

### Afternoon Tea Doughnuts

2 eggs  
4 tablespoons sugar  
1/2 teaspoon salt  
1/2 teaspoon grated nutmeg

2 tablespoons shortening  
6 tablespoons milk  
2 cups flour  
3 teaspoons Royal Baking  
Powder

Beat eggs until very light; add  
sugar, salt, nutmeg and melted  
shortening; add milk, and flour  
and baking powder which have  
been sifted together; mix well.  
Drop by teaspoons into deep  
hot fat and fry until brown.  
Drain well on unglazed paper  
and sprinkle lightly with pow-  
dered sugar.

### Crullers

4 tablespoons shortening  
1 cup sugar  
2 eggs  
2 cups flour  
1 teaspoon cinnamon  
1/2 teaspoon salt  
3 teaspoons Royal Baking  
Powder

Cream shortening; add sugar  
gradually and beaten eggs; sift  
together flour, cinnamon, salt  
and baking powder; add one-  
half and mix well; add milk and  
remainder of dry ingredients to  
make soft dough. Roll out on  
floured board to about 1/4 inch  
thick and cut into strips about  
4 inches long and 1/2 inch wide;  
roll in hands and twist each  
strip and bring ends together.  
Fry in deep hot fat. Drain and  
roll in powdered sugar.

## This Medicine Recommended by a Doctor

DR. J. H. WAGNER

It is beyond a doubt that PE-RU-NA is what you need. PE-RU-NA may be purchased anywhere in tablet or liquid form.

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit. This is what Dr. J. H. Wagner, a prominent physician of Skate, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will eat-

## OUT-OF-LOVE CLUBS FOR FRIENDLESS GIRLS

How the Salvation Army Helps to Solve a Big Problem in Welfare Work.

Clubs, composed of girls who have fallen, but who have been reclaimed as useful members of society, are in operation in many cities in Kentucky. The membership of these organizations—called Out-of-Love Clubs—comprises girls and women who have passed through the rescue homes of the Army and who are now working hard to help other girls who are "down, but not out."

The Out-of-Love Clubs is the follow-up system of the Salvation Army. Every girl who passes through the rescue homes of the Army is invited to become a member.

Her membership entails a personal responsibility on her part to help other girls. Out of love she gives a little of her earnings to help others; out of love she gives some of her time to cheer others.

Out-of-Love Clubs meet at stated intervals at many of the Salvation Army corps in the state.

Statistics show that over 80 per cent of the girls passing through the homes are reclaimed.

## INCOME TAX NO WORRY

Every member of the Salvation Army in the United States, from Commander Evangeline Booth down to the youngest soldier in the ranks, has found something about which he does not have to worry.

It's the salary income tax. According to internal revenue collectors not a member of the Army in the United States received enough salary last year to make a tax return.

## HIGH SCHOOL EXERCISES

On Sunday night, Rev. R. G. Sherrer, pastor of the Christian Church of Corbin delivered a simple, yet forceful address to the young graduates who are about to go out into the world and exchange the studies of the school for studies from the book of business life. Rev. W. B. Minton delivered the prayer. Rev. A. H. Davis read a psalm and the young people sang anthem, "Praise To The Father" and several hymns. Rev. T. J. Belcher introduced the speaker as one who had volunteered for service immediately on the outbreak of war, and on returning, had at once resumed his ministry.

The girls looked nice in their simple white dresses and tho there were but a few boys to uphold the theory that man is the mental lord of creation, those who have stuck it thru are all boys who will reflect credit on the school and on their families.

## CONVERT BRUSH INTO PASTURE

There are many hundreds of thousands of acres of land grown up into brush that should be in permanent pasture. Most farms all over the country have some such acres. With labor as high as it is at present, many farmers figure that they can not afford to clear brush land for pasture, but the United States Department of Agriculture points out that the labor employed on practically any farm can be utilized to clear from one to a few acres of brush land every year at times when regular farm work cannot be done. The brush can be cleared away at any time, of course, and after it is off the ground may be plowed at intervals when the tilled fields are too wet for plowing.

Every acre of land cleared and put in permanent pasture means an investment that will pay dividends thru a lifetime. The kinds of grass to sow vary with the locality. The Department of Agriculture has conducted extensive investigations to determine the best methods of making permanent pastures in the various sections of the country. Literature and other information on the subject may be had by writing the department.

## OH! MY BACK!

The Expression of Many a Kidney Sufferer in Barbourville

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs.

Here's Barbourville proof: Tyre Lawson says: "I suffered with my kidneys off and on for twenty years and was down for weeks at a time, suffering with my back. The pain almost drew me double. I could not walk straight and often had to lie down to rest my back. I could hardly lift anything or do any work and had to give up job. Doan's Kidney Pills cured me making me sound and well. I have had no backaches or other sign of kidney trouble for years."

## The NEW EDISON

"The Phonograph with a Soul"

Realism! Only realism can make the phonograph as wonderful a source of music as all the artists in the world.

Realism! How can you know the phonograph that achieves Realism?

The Official Laboratory Model of the New Edison has proved its Realism by direct comparison with living artists. The singer sings—or the instrumentalist plays. Suddenly the artist stops, and the New Edison continues alone.

Four million people have witnessed these remarkable tests. They

found that only by watching the artist could they tell when he was singing—or playing—and when the New Edison was RE-CREATING his performance.

The instrument we'll show you is an exact duplicate of the instruments which triumphed in these comparison-tests. It will sustain the same test. We guarantee it to be capable of the same beautiful and astounding Realism,—and that is guaranteeing everything your heart desires.

### SHOULD TAKE PEPTO-MANGAN

Red-blooded Men and Women Know What They Want To Do and Do It

If may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates, and re-builds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "rundown." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" is on the package mah out "Gude's" it is not Pepto Mangan. For sale at all druggists. (adv)

# The Whole Secret of A Better Tire

*Simply a Matter of the Maker's Policies*

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

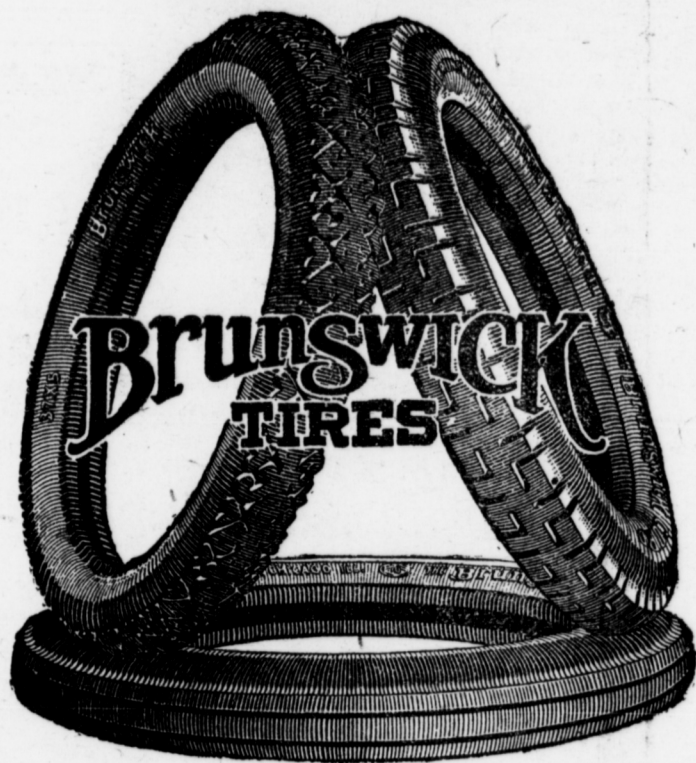

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

### "PLENTY OF SUGAR"

Mr. Royal Meeker, chief of the Bureau of Labor Statistics, says he will stake his reputation as an economist on the assertion that there is more sugar in the country today than ever before in the history of our country. Which also means that if Meeker is right, we now have the most incompetent Attorney General in our history. Let Meeker and Palmer fight it out.

## Be Eye Wise

HAVE YOUR EYES EXAMINED And thereby settle all doubt as to whether you do or do not need glasses.

When they water, smart, blur, itch inflame and get sore or give you headaches or dizziness, you should consult a competent Optometrist. Nature's indications of eye-strain should never be disregarded.

All eyes don't see alike. Most people can see quite clearly, but many have hard work to do so. Seeing is a severe strain on them. That is why they are troubled with headaches.

Take a little trouble with your eyes or they will sooner or later trouble you. Most pleasure and much of your capacity for work depends on your good vision.

## FERTILE EGGS SPOIL QUICKLY

Fifteen million dollars is a lot of money, but that is the amount that the United States Department of Agriculture estimates farmers lose every year thru bad methods of producing eggs. This loss is due to the partial hatching of fertile eggs which have been allowed to become warm enough to incubate. It is a preventable loss and, if checked, will add dollars to the poultry flock profits. The remedy is simple, have the flock produce infertile eggs, after the hatching season is over.

An infertile egg is one laid by a hen that has not been allowed to run with a male bird. After the male bird has been removed from the hens, two weeks is usually long enough to insure the laying of infertile eggs.

## USE AIRSHIP

### To Supervise Cotton Growing

For the first time in history, cotton growing will be supervised from the air when within the next four months a small dirigible will be used for this purpose on the 28,000 acre plantation of The Goodyear Tire & Rubber Company at Goodyear and Litchfield, Arizona, near Phoenix.

At present mounted overseers are employed, but the company has been obliged to use more modern means by the acquisition of many thousands more acres of desert which will be irrigated to grow long staple cotton used in fabric for the manufacture of automobile tires.

Besides its use for purposes of supervision, the dirigible will probably be used to transport Goodyear Officials to Phoenix and even as far as the California factory at Los Angeles, a trip of about 400 miles.

For these purposes the "pony blimp" type of airship will be used because of its ease in handling and small crew requirements. Built as the first dirigible used in this country for commercial purposes, the little airship, probably the smallest practical dirigible ever constructed is now being manufactured at the company's shops in Akron, Ohio. Completion is expected within four months, after which the ship will be sent to Arizona and used for inspection and supervision of the immense cotton plantation of the country in the midst of the desert.

But 95 feet long, 28 feet high and 40 feet in diameter, this 35,000 cubic foot capacity dirigible will be able to make a speed of 40 miles an hour over the plantation and will have a range of 400 miles at cruising speed. The pilot and overseer will be able to cover the plantation easily in a short time and can make landings at any point where attention is required.

Company officials believe that the use of an airship for purposes of supervision on the cotton plantation will show that this commercial use of dirigibles can be extended to wheat field survey and similar purposes.—Goodyear News Service.

### HIGHEST QUALITY AWARDS

## Ouch! Such Pain!

If It Takes You in Back, Arm, Hip or Foot

It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce's Anuric, which is "keep the kidneys in good order. Avoid too much meat, before meals, and preferably hot water, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot coffee dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night. Get Dr. Pierce's Anuric (anti-uric acid), for it will put new life into your kidneys and entire system. You will feel full of vim, vigor and vitality, instead of tired, dragged-out and blue.

Lexington, Ky.—"Dr. Pierce's Anuric (anti-uric acid) is an excellent medicine for kidney trouble of any sort. I had been having kidney ailments for some little time; they would become congested and inactive, causing me to suffer with backaches. I learned of 'Anuric' and by the use of this medicine all my kidney trouble has been eliminated; my kidneys are acting in a normal condition and all backache has left me."—B. F. HAMBRICK. 560 Pemberton Ave.

Robert L. Davidson, of the office of the Commissioner of Agriculture, was here Tuesday on business. He says our County Clerk has his records in splendid shape, better, in fact than any others he has come across.

Supt. E. B. Hemphill intends to put in a brick curbing in front of his office in the Court House and put in a flower bed. This is good citizenship. Let others follow.

Dr. E. T. Franklin is back from a School Convention at Des Moines, Iowa.

H. M. Hubbard, the genial book-keeper at the Gas and Water office, left Saturday for Whitestone, Ga. where he has accepted a position in the shipping department of the North Georgia Marble Products Co.

The Deaton-Smith Post No. 69, is continuing its drive for members. There are some 800 men in Knox County who served under the flag and of these only 150 have joined the Legion. In the years to come, it will be an honor to be identified with this splendid, patriotic body and we sincerely trust that there will be a full representation of Knox County boys in the Deaton-Smith Post as the result of this drive. Send in your names to Ben C. Herndon, Adjutant, who will welcome you as full fledged comrades.

## Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3-, 30x3½-, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50  
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50
